The Public Employee-Union Matter

Once upon a time politicians would provide handouts to the press explaining how great the politician is.

Many officials have come to see the wisdom of using his communications to inform the public through the press.

State Senator John Stull is one of the latter. His material is usually interesting and informative. A column, supplied by him, views the public employee-union situation in a manner that brings the issues into sharp focus.

Most people take the position that jobs in public service are crucial to the operation of the entity. Otherwise the job should be abolished.

Stull's view takes on added significance since he may use his opinion in the making of the laws.

There are approximately one million persons directly employed by government in California. There are some 200,000 employed by state, about 400,000 by city and county and 350,000 by schools.

These public employees have elected to join numerous unions and employee organizations, such as the 57 different unions and 28 different employee organizations representing different groups of state employees, says Stull.

"At the same time, the majority of public employees have elected to join no union or employee organization.

Under the various collective bargaining proposals that have been proposed, however, and under the educator collective bargaining law which was regrettably enacted last year, provision is made for requiring employees to join or pay dues and fees to a single union or employee organization as a condition of employment or continued employment.

"In my opinion, such requirements are unconscionable, and violate a public employee's freedom of choice.

"It is of course easy to see why unions want such mandatory union-membership legislation. It's purely a matter of money, and thus of power.

"For example, the California State Employees Association currently charges active members \$36 per year plus .3 per cent of annual salary in dues. If all 200,000 state employees were required to join or pay dues to CSEA, that would mean at least \$10 million annually flowing into the organization's coffers.

"And \$10 million annually guaranteed income can yield large staffs, significant influence, and sought-after political power.

"No citizen should be required to pay tribute to a third party in order to be employed by his government. I believe public employees have a right to freedom of choice, to choose what union or organization, if any, they want to join.

"Accordingly, I am this week introducing a constitutional amendment which would provide that no person may be required to join or pay dues or fees to any organization as a condition of employment or continued employment by any government entity, including, but not limited to, the state, any city or county, any city and county, any school or school district, or any special district.

"Not only do I believe that we need such a constitutional guarantee of a public employee's freedom of choice, but I also believe that the people of California should have an opportunity to vote on this issue.

Variance Rejection Sparks Reaction

Parking Ban Seen on RR Property

When San Diego Zoning Administrator Bob Jantsch rejected Accent Cedar's request Friday for a variance on Main st. in Lemon Grove, the San Diego & Arizona Eastern Railroad, on whose right-of-way the property rests, said that henceforth parking on the railroad property would be banned.

The variance was sought by Ron Dubois for his Accent Cedar operation opposite 3500 Main st. He had obtained a lease from the SD&AE RR after a parking lease held by the Lemon Grove Chamber of Commerce was revised to remove all of the area between Broadway and North streets.

Jantsch cited as reasons for rejecting the variance that Lemon Grove's general plan was listed for community beautification. He also noted the loss of parking that would accompany the variance and the proximity of the proposed fence to the public street.

The Dubois firm presently has a lumber yard operation

north of the proposed site—just across the new Lemon Grove Avenue ramp.

Chamber Holds Lease

The Lemon Grove Chamber of Commerce holds a lease for 1976 on the remainder of the railroad right-of-way from Broadway south to Golden ave. — a distance of one block. The SD&AE RR, late last year, required the CoC to relinquish the area from Broadway north to the new Lemon Grove ave. 94 ramp as a condition for renewing a lease on the rest of the property. The lease is for a nominal sum—equal to the approximate amount the SD&AE RR pays as CoC dues.

Appeal Possible

Dubois has 17 days — until February — to file an appeal. SD&AE RR's Ken Caulfield, who negotiated both the CoC and the Dubois leases said Monday that there would be no more free parking on railroad right of way.

"We are going to destroy the image that our property

can be used for anything (the public wants). We pay heavy taxes on this property and we just installed an expensive traffic control gate (at the Lemon Grove Avenue ramp) and we'd like to get a little of it (costs) back. We are a railroad and we want to conduct business like a railroad.

"We intend to police the area to see that no one parks on the right-of-way."

He said that the Lemon Grove Business Women's League had a "beautification

lease" on the property but that none existed for the Chamber of Commerce. He said the CoC lease had been for parking.

Lease Exists

Glenda Jackson, CoC office manager said that the lease had been renewed late last year by SD&AE RR contingent upon CoC giving up the part to be leased to Accent Cedar.

Caulfield, after checking SD&AE records, reported that the CoC does have a parking

lease on the Broadway-Golden strip of right-of-way. He did not explain why he had earlier thought none existed.

This changes the parking future along Main st. If Caulfield's implication is properly read, there will never again be free parking on the Broadway-North section of the railroad right-of-way after the present parking lease expires.

If the variance is appealed and the variance is given, a fence may be erected a step from the Main st. paving. If it is again rejected, SD&AE RR may want an income from the property's use in line with the rent Accent Cedar would have paid.

Lemon Grove Gateway
One of the objections voiced by the CoC board of directors was the untidy appearance that was being developed around "Lemon Grove's gateway."

Another consideration is that local service clubs have collected funds over the years to erect a flag monument in the general area of the proposed variance. Although no written agreement exists with the railroad, a tacit understanding had existed.

Caulfield said Monday, that such a project is still probable if it does not interfere with the railroad's operation or safety.

Budget, Activity up for Lemon Grove Chamber of C

The Lemon Grove Chamber of Commerce set its 1976-77 budget at \$10,000 Thursday at the regular meeting of its board of directors. Last year's budget was \$6,960.00.

Carl Lacki, CoC treasurer, said the budget was reasonable based on indicated income for the period.

It was noted that several money-raising projects are being scheduled during the year and that these had not been figured in the proposed budget.

Two items of expense, the board agreed, would be extending the office hours an additional hour each day. Glenda Jackson, office manager, beginning this week, will keep the office open 9 a.m.-1 p.m.

Her pay will be increased for 5 hours a week. Actually, she has been putting in more than 5 hours each day.

Answering Device

The other item is expenditure of \$150 for a telephone answering device to be installed this month.

Casey Tibbs, the U.S. National Rodeo Champion, will be marshal for Lemon Grove's Old Time Days parade April 3. Al Couppee, well-known sports announcer, has agreed to serve as the voice of the parade for the taping of the event by TV Cable Two. It will be shown two times.

George Zumwalt, Leonard Klein and Olin Thompson were named as the nominating committee for naming candidates for the 1976 Chamber election.

Chamber president Bob Guest will serve on the committee ex officio.

OTD Committee Meeting

An Old Time Days committee meeting will be at 7:30 p.m. February 2, it was announced. It will be held in the Meeting Place, a business complex at 7733 Palm st.

An amusing report was made by Mrs. Jackson.

She said that the chamber was informed by SD&AE last year that before electrical service could be supplied again to the Community Christmas tree in the railroad plaza, an official address had to be obtained. It took some doing but finally the County assigned it a number.

One member, Craig Lake, asked for the address because "I want to write it a letter." For others who want to communicate with the tree, the address is 3414 Imperial, 92045.

Daughter Waits One Generation For Dues Note

"Neither rain nor sleet nor snow..." the pallant postman used to say. How times have changed.

A post card arrived Tuesday at the home of Mrs. Ethel Barry, 1600 Skyline dr., Lemon Grove. It was a notice from the local Job's Daughters Bethel No. 229, informing daughter Carol that her \$4 dues was to be paid by January 1—1957.

The 2 cent card bore a November 20, 1956 post mark. For some unexplained reason, it was delayed 19 years.

Mrs. Barry doubts that her daughter paid the dues. "She never got the card," she laughed.

Her daughter is now Carol McDaniels, married and living in Spring Valley.

CHP FROWNS ON FLAGMAN — Each Friday morning for more than a year, retired Lemon Grove resident Al Denlinger has been parking his small pick-up truck in the left turn lanes of Broadway while he assembles and installs the 41 American flags on the median strip in central Lemon Grove. Not a good idea, said a CHP officer who stopped Denlinger during his morning rounds and cited him for an illegal stop. A quick call by a Chamber of Commerce representative to CHP headquarters cancelled the ticket, but Denlinger has been ordered to keep his vehicle out of the lanes except for making left turns.

"I think I obstruct more traffic now," says Denlinger who now parks his truck in the parking lots and uses crosswalks to carry armloads of the flags and poles to the median.

Local Flood Areas To Get Face Lifting

There are some clean-up and beautification plans afoot for Lemon Grove and Spring Valley flood problem areas.

The San Diego County Office of Management and Budget is in the process of acquiring funds that will be used in at least five area projects and some of them should be underway in about 90 days said Fred Thorn, Community Development Co-ordinator for the Housing and Community Development Division of M & B.

About one fourth of the approximately \$150,000 funding

for local improvements will come from the Comprehensive Employment and Training Act (CETA) funds. The rest will be supplied by the Department of Housing and Urban Development (HUD). CETA will pay wages and HUD will supply material, equipment and supervision.

Projects

Bancroft Ditch — Lemon Grove to Jamacha blvd. Clean out flood control channel and beautify flood control area with screening plants. \$3,000 HUD; \$6,000 CETA.

Broadway Channel — Imperial to S.D. City limit. Clean and beautify the flood control area \$3,000 HUD; \$6,000 CETA.

Brookside Ditch — Clean and beautify the channel from Par to Thunderbird. Plant shrubs and trees along the channel \$8,600 HUD; \$9,000 CETA.

Casa de Oro Creek — Sweetwater Springs blvd. to Bancroft. Clean and beautify. \$3,000 HUD; \$6,250 CETA.

Jamacha Community — Remove dead brush and trash; install plants and sprinklers. \$20,500 HUD; \$75,000 CETA.

Additional programs are scheduled for elsewhere in the county, Thorn said.

The program is scheduled to get underway in about 90 days, he said.

CETA funds will be used primarily to get people off of welfare, it was indicated.

VdO Speaker For SV CoC Program

Spring Valley Chamber of Commerce will hold its quarterly meeting on Friday, January 30th at the Casa Don Diego restaurant on Campo road.

It will be a 7:30 dinner meeting with Robert Perkins, president of the citizens Valle de Oro planning group as speaker. He will give a brief rundown on his goal and items pending in the Casa de Oro area. Among those will be the proposed second swap meet in Spring Valley. He will allow time for questions.

Additional agenda items include presenting awards in the Christmas decoration contest sponsored by the Chamber.

Glen Boelter, president of the Chamber will also give a report on the Community Development Block Grant Funds (HUD).

The public is invited for dinner or to attend the meeting which will follow dinner at approximately 8:30 p.m.

Deregulation of Natural Gas Would Cost LG-SV \$2.8 Million

LOS ANGELES — Huge increases in the price of natural gas to California consumers would result if Congress votes to deregulate natural gas from Alaska, a California Public Utilities Commission compilation of the extra costs reveals.

The extra cost to Lemon Grove and Spring Valley combined would be about \$1,800,000. There are 60,000 people in the combined communities. In comparison, El Cajon, with its 60,018, would get a boost of \$1,800,000. S.D. County total cost is nearly \$38,000,000.

The PUC figures indicate that recent studies made by the Federal Energy Administration and the General Accounting Office are "very conservative." The federal figures indicated that lifting the price controls on natural gas would increase the cost to resident users by \$94 a year over what the regular price would be by 1980.

A nationwide deregulation bill has passed the U.S. Senate and will be voted upon in the House of Representatives within the next few weeks.

Advance Payments

"Deregulation would cost California consumers at least \$1 billion in advance payments for Alaska gas," Commissioner Leonard Ross said. "This is a bare minimum estimate, since it takes into account only the additional price we will pay before gas delivery starts in 1982. After that, higher prices under deregulation will add billions to our gas bills."

The PUC said "three oil companies — ARCO, Exxon and BP-Ohio — control the enormous Prudhoe Bay gas fields in Alaska's North Slope. Proven reserves in this field amount to 13 years' consumption for the State of California. In a period of desperate shortage, Alaskan gas is one of the few sources available to California."

Oil Companies Set Price

It pointed out that with deregulation, the price for this gas will be set by the three oil companies, rather than by five Federal Power Commissioners.

"We only know what terms the Alaska oil and gas cartel will ask," Ross said. "These terms are so harsh that California Attorney General Evette J. Younger has found that they 'raise serious antitrust questions.'"

Ross referred to a January 2 letter from the Attorney General to the PUC which concluded: "The substantial possibility of a . . . violation" of such an unlawful understanding among the three oil companies operating in Prudhoe Bay was "strongly indicated" by the pricing and advance payments provisions of agreements negotiated between the oil companies and the S.C. Gas Co., Pacific Gas and Electric Co., and various interstate pipelines.

Consumer Ripped

"If Congress deregulates the Alaska gas," the PUC warned, "we will again face demands for at least a billion dollars in payments years in advance of the gas delivery. The victory California just won before the Federal Power Commission may become meaningless."

The compilation released below shows the portion of the \$1 billion in advance payments which would be paid by residents and business in various California cities.

The commissioners called on "every city council in the State to join with consumers in urging Congress not to deregulate Alaska gas."

Winds Fan 15-Acre CdO Grass Blaze

High winds caused and helped spread a heavy brush fire which broke out in Casa de Oro last week at the height of threatening weather conditions. The January rain deficit combined with strong Santa Ana winds in starting the fire.

A residential television antenna tower, uprooted from its foundation, fell across an electrical power line at about 3 p.m. Tuesday, igniting the brush in a canyon south of Rt. 94 and east of Kenora drive.

The heavy Santa Ana winds caused the fire to spread quickly, destroying over 15 acres of grassland before it

was contained about 30 minutes later. Although surrounding structures were threatened, firemen checked the blaze before any property damage occurred.

"It could have been a lot worse," said Spring Valley Fire Marshal Orville Williamson. He said the fire had the potential of spreading to heavier brush deeper into the canyon.

Seven units responded to the blaze from Spring Valley, Lemon Grove, La Mesa and El Cajon fire departments. (Photo on Page 8)

Health Clinics Booked for Area

The East County Community Clinic has begun its 1976 health education workshops with a series on preventive medicine.

This series explores what responsibility an individual can take for his own state of health and some techniques which have been developed for improving the quality of health and total life experience. The lectures will be held at Wickes Community Room at 965 Arnele st., El Cajon, on Friday afternoons 2-3 p.m.

Following is a schedule of dates, topics and speakers:

January 30, Psychosomatic Illness, Gene Essert, M.D.

February 6, Meditating for Health, George Mahan, M.D.

February 13, Touch for Health, Juliette Mondot.

February 20, Nutrition and Physical Fitness, Ernie Neveu.

This series, co-ordinated by Ruth Vibert, R.N., is offered free of charge.

Vocational Classes Geared to Bilingual Clerks, Secretaries

A growth in demand for bilingual clerks and secretaries has spawned two new vocational programs at Southwestern College.

Now entering their second semester, Bilingual Office Procedures and Bilingual Secretaries Procedures are designed to train or retrain persons who have basic Spanish and English language skills for work in business, professional and government offices. The programs allow students to sharpen both English and Spanish language skills.

Areas covered include telephone and receptionist techniques, filing, typing, business terminology, letter translation, human relations and job preparation.

Applications for enrollment are now being taken at Southwestern.

Training Program Free at Grossmont

More applicants are needed for a free ROP (Regional Occupational Program) child care training program at Grossmont Community College. The course prepares people for working in child care facilities such as preschools, and day care centers.

The program has openings for men and women in classes held on Monday and Wednesday from 2-4 p.m. and Thursday either from 9-11 a.m. or 1-3 p.m. Enrollment is continuous.

The course, taught at the (ASGC) Associated Students of Grossmont College Child Care facility at 8926 Highwood dr., focuses on learning the skills needed to teach preschool children and to find a job working in child care.

Students learn to help children develop socially, emotionally, intellectually and physically. There will be workshops and discussion on curriculum, guidance and discipline for young children. Each student will be expected to complete six hours a week of field work with children. In this way students will have both classroom knowledge and practical experience about children.

Those interested should contact Carol Maga at 461-1742 or call the Adult Career Guidance Center, 440-0351.

March of Dimes Makes Appeal Via Mail Box

The County chapter of the March of Dimes is engaged in a mail box campaign for contributions to help the agency's fight against birth defects.

"The check you donate to our annual appeal," said Joan Embury, San Diego-Imperial County campaign chairman, "will help to make the future brighter for the more than 200,000 American children who come into the world each year with birth defects."

Contributions help support research into the causes and treatment of birth defects, medical service programs, which can help prevent and treat birth defects and public health education.

The Salk Institute for Biological Studies in La Jolla is a beneficiary of the volunteer drive.

Opera Debuts 'Siegfried' February 14

The San Diego Opera's production of "Siegfried" will play February 14, 17, 20 and 22 in the Civic Theatre. "Siegfried" is the third opera in Wagner's four-opera "Ring Cycle" being presented by the San Diego Opera over a four year period.

Marvellee Cariaga will debut in the role of Brunnhilde. Baritone Noel Tyl returns in his role as Wotan, chief of the gods.

Tickets are available at the Civic Theatre Box Office, Metrol Ticketron Agencies, Highlander Men's Stores, and all Sears Stores.

'USA' Opens at Carter Theater

"U.S.A.," a play which chronicles the first third of the twentieth century, opened last week at the Carter Centre Stage in Balboa Park. The American Bicentennial production is directed by William Roesch.

The play "portrays the United States as a land of hope, opportunity and promise," Roesch says. The era is recreated through use of biography, news headlines and fiction. It is based on a novel written in 1938 by John Dos Passos.

Performances are scheduled nightly except Monday at 8 p.m. and Sunday matinees at 2 p.m. through February 22. Limited seating is available.

Old Film Screened Again

One of the decade's most successful film revivals, "The Gang's All Here," is screened at 7:30 p.m., Saturday, and 2:30 p.m., Sunday in the Fine Arts Recital Hall at Grossmont College. The film was re-released in 1972 for the first time in over 25 years.

Price of admission is 99 cents for adults with senior citizen and card holders, 49 cents for students.

Relay Race to Christen '76 'Heart Month'

A 24-hour track relay will kick off "Heart Month" in the county, February being when the Heart Association concentrates its fund raising efforts.

The scene will be Patrick Henry High's athletic field where at 9 a.m. Saturday, the first leg of several teams will charge off the starting blocks for the opening lap.

Teams of up to ten will trade off mile runs in sequence until 9 a.m. the following morning. Among the teams participating are an over-50-years-of-age team, a group of couples, an over-30 team and a cadre of Marine teams.

Winners will receive T-shirts and running shoes.

The San Diego County Heart Assn. gets money from team sponsors who decide on their own pledge specifications. Viewers will not be charged.

The relay is dedicated to the memory of the late runner Bill Hargus.

Y Tallies Miles 'or 'Pilgrimage'

The Davis YMCA is among eight San Diego County YMCA's competing in the County Y-Week Bicentennial Pilgrimage which began January 24 and continues through February 1.

All San Diego County residents are encouraged to walk, jog, swim and bicycle as much as possible and record the miles accomplished with their local YMCA. The countywide goal is an equivalent number of miles between San Diego and Philadelphia, spanning about 2,000 miles.

Weekly winners will be chosen from each YMCA for completing the most number of miles. There is no age limit to participants.

Youth Symphony to Perform Sunday

The San Diego Youth Symphony, under the direction of Louis Campiglia, performs a concert at the College Avenue Baptist Church at 8 p.m. Saturday.

The program will consist of the Handel Concerto Grosso in A minor, op. 6 No. 4; the Double Violin Concerto in D minor by J. S. Bach, and Gustav Mahler's Symphony No. 1 in D major, "The Titan."

Tickets are \$2 for adults, \$1 for students.

Foothills Art Hosts Demo, Tea, Show

The Foothills Art Assn. is sponsoring a free demonstration in painting with watercolor by San Diego artist Marty Pray-Stanard on Thursday, February 5, at 7:30 p.m. at the Ben Polak Fine Arts Center, 8053 University ave., La Mesa.

Sunday, February 8, the Assn. holds a tea at the opening of Pray-Stanard's watercolor show at the Center.

This Week's RECIPE

Chocolate Mousse—Gourmet's Light Delight

The French are not known to take a meal lightly, but they do know how to make the end of the meal light.

Chocolate Mousse is an ideal ending to a heavy meal. Each fluffy spoonful bursts with chocolate flavor.

CHOCOLATE MOUSSE

12 lady fingers, split
3/4 cup butter or margarine
1/2 cup sugar
6 egg yolks
1 1/2 teas. vanilla
1 teas. rum extract
1 cup (16 oz.) semi-sweet chocolate pieces, melted
6 egg whites
1/2 cup coarsely chopped pecans

Line a 9x5x3-inch loaf pan with waxed paper. Arrange split lady fingers around sides, then on bottom of pan.

Cream margarine or butter, gradually add sugar and cream together until light and fluffy. Add unbeaten egg yolks, one at a time, beat until smooth after each addition. Thoroughly blend in vanilla, rum extract, and melted semi-sweet chocolate pieces. Beat egg whites until stiff but not dry; fold into chocolate mixture. Fold in coarsely chopped pecans.

To serve, invert on serving plate; remove waxed paper. Decorate top with whipped cream. Cut into thin slices to serve — mousse is very rich.

Museum Picture On Bird Survival

"The Riddle of the Rock," a film explaining how this crowlike species survives the Scottish farmers attempts to exterminate them, will be shown at the Natural History Museum on Saturday and Sunday.

Despite the farmers' efforts to be rid of this pesky bird, the same number of birds show up every spring. The survival mechanism of the birds is explained in the film which is part of a series on behavior and survival. Nobel prize winning ethologist Niko Tinbergen acted as advisor.

The documentary will be shown at 1:30 and 3 p.m. in the Museum auditorium on Saturday and Sunday.

There is no charge over the general Museum admission fee of 75 cents. Children 16 and under are admitted free.

Organist Carter Plays For Western Classic

Gaylord Carter, nationally-known organist, will be presented in concert along with a special screening of the original, uncut film "Tumbleweeds," one of the first silent westerns. The program will be held Saturday, February 14th at 8 p.m. in the Southland Music Center, 3459 Imperial ave., Lemon Grove.

Carter played for numerous radio programs beginning in 1937 and is probably best remembered for the Amos 'n' Andy Show.

Tickets are available by mail, at the box office on the evening of the performance or by phoning 463-0308. Reservations are recommended.

Milk Drop

The number of dairy farmers has dropped to 380,000 from 2 million in 1959.

CANDY SALESGIRLS — Camp Fire Blue Birds Danielle Riddell (l) and Stephanie Gerace, first graders at Spring Valley Elementary, peek at an old family album in the Jesse Shepard House, popularly known as Villa Montezuma. Camp Fire girls met at the historic site to kick off their 1976 candy sale which begins tomorrow. The girls will be selling packages of mint cream sticks and cans of toffee coated peanuts each for \$1.25. The sale runs through February 16.

Voters League Plans 8 p.m. Coffee Meet

The League of Women Voters of Grossmont-Cajon Valley invites women and men interested in League work to a coffee at 8 p.m. on Wednesday, February 4, at the home of Sheila Orsyek, 4831 69th place, San Diego.

Activities of the League will be discussed informally and questions answered.

Membership in the League of Women Voters is open to those 18 years of age or older.

Doris Shannon is membership chairman at 466-9506.

Baseball's a Bargain . . . Especially in San Diego

The San Diego Padres rank as the best dollar buy in the entire major leagues with the lowest prices all the way around, in spite of rampant inflation.

Padre full-season ticket packages this season range from a high of \$292 for all 81 games with seats in the field or press level sections down to \$255 for plaza, \$219 for loge and \$182 for upper.

These prices are not only the lowest in the National League, but also in the entire majors.

The closest competition to the Padres is San Francisco at \$296 with no American League clubs under \$300. Kansas City is the highest at \$560.

Needless to say, the Padres single game tickets also rank as the best buy throughout the majors as the best seat in the house goes for just \$4 in the field or press sections. Only California in the American League can match the Padres with the \$4 top price. Kansas City also has the highest tariff in this category with a \$7 top ticket.

Even general admission at Padre games is a great buy at \$1.50 with only the New York Mets able to match that

figure in the National League and Baltimore, California Kansas City and New York in the American League. Many clubs have gone to a flat \$2.50 G.A. price.

Low Price Parking
Taking things one step further, parking is a bargain at Padre games at only \$1. Only Houston and Philadelphia (limited amount of spaces) can compare at the \$1 price with \$2 and \$2.50 parking fees starting to become more and more common throughout the majors.

Listed is a comparison chart for the National League top season tickets, top reserved and general admission:

Atlanta—	\$375;	\$6.50;	\$2.00
Chicago—	\$360;	\$4.50;	\$2.50

More than 290 entries toed the line in the monthly bicycle motocross (BMX) races Sunday at Rancho San Diego.

Normally, the races attract about 200, but a 50 per cent increase in interest loaded the Rancho SD motocross track.

The next race will be Sunday February 8, it was announced.

The BMX track is ¼ mile west of Cottonwood Golf Course on rt. 94.

The winners:

6-and-under Jason Voigt, Steve Thompson, and David Lively
7—Mike Gonzales, Jim Zinn, and David Bosman

Trevis Named Jaws Head Coach

The San Diego Jaws of the North American Soccer League signed Derek Trevis, assistant coach of the Philadelphia Atoms, as the team's head coach, according to Jaws owner and club president Ken Keegan and general manager Paul Deese.

NASL commissioner Phil Woosnam said that Trevis is an "outstanding leader who would do a fine job for the San Diego team."

Although the San Diego based franchise does not yet have a place to play, Trevis has already announced open tryouts on February 21-22.

Deese said Monday that two playing fields are being considered and that negotiations are nearly complete.

S.D. Racquetballer Star is Money Maker

Charlie Brumfield, of San Diego, has virtually clinched being top money-winner of the 1975-76 professional racquetball tournament series although only half of the schedule has been played.

Brumfield, in gaining his fourth victory in five starts last week in Aurora, Ill., boosted his earnings to \$6700 for the season. He earlier won the Tucson and Denver events, losing only at Burlington, Vt.

The 27-year-old San Diegan, who recently joined the staff of San Diego County-based Leach Industries, the country's largest manufacturer of racquetball racquets, currently holds both the national singles and doubles championships.

The San Diego area is heavily represented on tour with such players as Steve Keeley, Steve Serot and Richard Wagner. Keeley and Serot, top money-winners on the National Racquetball Club's tour last year, rank just behind Brumfield while Wagner scored the major surprise of the Aurora event when he upset second-seeded Marty Hogan.

Serot, Keeley, Wagner and Dave Bleadsoe of Memphis, second to Brumfield at Aurora, also play for Leach.

Sharp Pharmacy Adds Overnight Hours

San Diegans needing late hour drug prescriptions can now rely on the Sharp Hospital pharmacy. Since Ferris and Ferris on Market st. began closing at 11:45 p.m., there has been no 24-hour source of drug prescription supply within the greater San Diego area, according to a hospital spokesman.

The pharmacy, at 7901 Frost st., San Diego, is now open 24 hours, seven days a week.

TV's Outsell Telephones, Bathtubs, Says BoA Book

There are more TV sets in use in the United States today than telephones, refrigerators or bathtubs. This revelation of the vastness of the "vast wasteland" is one of several interesting facts about the electronics industry revealed in a special Bank of America small business booklet on starting a consumer electronics center. Other facts:

Televisions corner the largest share of the consumer electronics market; 96 per cent of the nation's households already have at least one. Some 236 million TV's have been sold in the U.S. since the end of World War II, when TV's were introduced.

In 1974, TV sales were \$3.2 billion. Second that year were tape recorders with \$1 billion; stereo hi-fi components ranked third, \$800 million; and phonographs fourth, \$398 million.

Radios are still the hottest consumer electronic item of all time. Since crystal sets made their debut some 926 million have been sold. Citizen band and radio scanners are the current big sellers in radios.

Pocket calculators and digital watches are fast-movers in the industry and are expected to keep up the pace. Two million high priced calculators sold in 1971, but three years later, as prices dropped, sales zoomed to 12-15 million.

The authors see a bright economic future for sales of video tape players, projection televisions, electronic sports games, quadrasonic sound systems and a soon to be marketed laser-powered video disc system.

Bollman Urges Malpractice Aid

Mike Bollman, candidate for the 77th District State Assembly, told the Lakeside Chamber of Commerce that the medical malpractice crisis is the most serious problem facing Californians.

Bollman, who was speaker and installation officer at the group's annual dinner meeting held Saturday night at the Singing Hills Country Club, said that the Legislature must act immediately to solve the crisis which resulted in a work slowdown last week by local doctors.

"It's an absolute tragedy," Bollman said, "when an estimated 70% of our local physicians must withhold services to dramatize this serious problem."

"The public is the real loser since they ultimately pay for these outrageously high malpractice insurance costs

Voter Registration Aid At Central Federal S&L

Have you celebrated your 18th birthday, recently? Perhaps you have moved or changed your name.

Local Central Federal Savings and Loan Assn. office manager Sally DeLong reminds that each situation requires voter registration or re-registration, now available at the College Grove office.

Conducted in cooperation with the county registrar of voters office, the new service is available at Central Federal from 9 a.m. to 4 p.m. Mondays through Thursdays, with Friday hours from 9 a.m. to 5:30 p.m. and Saturday hours from 9 a.m. to noon.

R. Denny Named Acting Registrar

Robert Denny has been named Acting Registrar of Voters to replace retiring registrar Charles Sexton.

The appointment was made January 16 by Gerald Wilson, acting County Community Services-Agency administrator.

Denny, a resident of El Cajon, has served as assistant registrar under Sexton since 1973. He was also assistant registrar of voters for Alameda County and has worked as state elections assistant for the California Secretary of States Office. He first came to work for San Diego County in 1953 as a data processing analyst and began working for the county registrar's office as a data processing supervisor in 1956.

Denny is one of several applicants for the post. Wilson said the choice would be made in a "couple of weeks."

Tax Refunds Due State Workers

SACRAMENTO—More than 5.5 million Californians will share \$575 million in State Income Tax refunds this year, said State Controller Kenneth Cory.

"After the Franchise Tax Board completes processing returns filed by early-bird taxpayers we are prepared to start issuing their refund checks immediately," he said. Those who file their tax returns first will get their refunds first."

Most of the refunds will be made to persons whose income tax was withheld from wages. Other refunds will go to non-withholding taxpayers who overpaid on tax estimates, and to people who occupy rented homes but do not have income tax liability matching or exceeding their Renters Tax Credit.

8½ Million Filers
The Franchise Tax Board expects almost 8.5 million income tax returns to be filed during 1976, and 8.1 million of those are expected between January 1 and the April 15 filing deadline.

"Early filing not only will help taxpayers get their refunds earlier, it will reduce the size of the logjam which is inevitable as April 15 grows nearer," Cory said.

Income tax filing forms and instructions for completing them already have been mailed to most taxpayers.

"Each taxpayer can speed up his own refund by carefully following the instructions, properly completing and signing the tax return, and mailing it as early as possible," Cory said.

Last year over 5.2 million State Income Tax withholding refunds were issued at an average of \$98.90 per refund.

Van's S.D. Gala To Star Cong. Reuss

Rep. Henry S. Reuss, D-Wisc., chairman of the House Committee on Banking, Currency and Housing, will be featured speaker at the Seventh American Gala dinner (6p) Rep. Lionel Van Deerlin, D-San Diego, March 5 in the International Room of El Cortez Hotel.

Last year, Reuss moved past two senior members to take over the chairmanship of the powerful committee. Congressional Quarterly says Reuss has built "a reputation as a thoughtful legislator with a detailed understanding of economic matters . . . he is considered an authority of international monetary policy."

The dinner will be the major campaign fund raising effort for Van Deerlin, a seven-term congressman. Tickets are priced \$50 and \$100, and Michael B. Witte, treasurer of the Committee to Re-Elect Congressman Van Deerlin, said the committee hopes to clear at least \$14,000.

Witte said about 1,000 invitations have been mailed and that about 500 persons are expected to attend the dinner. A 6:30 p.m. reception will precede the dinner, at 7:30 p.m.

In 1974, when he last ran for re-election, Van Deerlin spent \$34,000 on both his primary and general election campaigns.

Nov. Gas Sales Fall

It took more than 828 million gallons of gasoline to satisfy motorists' needs in the state in November. Fuel consumption figures representing a dip from October levels were reported this week by the State Board of Equalization which manages sales tax collections levied distributors.

Arena Site For Indoor Rodeo

The all-American sport salutes the bicentennial during ninth annual Golden State San Diego Indoor Rodeo competition February 6-8 at the Sports Arena.

Promoters said a majority of the nation's top cowboys will be shooting for \$10,000 in local prize money for events little changed since the first competitions.

The three-day RCA-sanctioned competition will include action in saddle bronc, bareback and bull riding together with steer wrestling, calf roping and girls' barrel racing.

Patriotic pageantry will be highlighted by a 14-foot diameter motorized re-creation of the Liberty Bell, which opens up to reveal a mounted rider and the U.S. flag as the finale to an opening parade of flags.

The daredevil antics of famed rodeo clowns Seth Doulton and D. C. Cogburn will also be featured, with Cogburn introducing spectators to his menagerie of trained animals.

Spain Retires FROM Florida.
OR, HOW AMERICA picked up FLORIDA for \$5 million.

No luxury hotels. No drinks served at the pool. Just sand and palms and alligators. And a lot of fighting for it that destroyed property throughout Florida.

Americans in Florida figured Spain owed them \$5,000,000 in property damages.

Our government offered to pick up the tab for Spain, if Spain would retire from Florida. Spain accepted. And was out.

You know, money from our citizens helped pay for things back then. And it still does.

Today, you can help with U.S. Savings Bonds. And at the same time, they let you build savings. Easily. Automatically.

This happens when you join the Payroll Savings Plan, or buy Bonds where you bank. Year after year, you accumulate more and more savings. And it can add up to a bundle.

So maybe you'd better start this week. Because, someday, you'll have to retire, too.

Now E Bonds pay 6% interest when held to maturity of 5 years (4.5% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

PCAA Hoop Pair Tests State Here

Six-time Pacific Coast Athletic Assn. basketball champion Long Beach State and Fresno State visit San Diego State, as the PCAA basketball season swings into week No. 2.

Long Beach, which has won six of six conference titles, comes to Peterson Gym tonight, with Fresno visiting on Saturday. Both games are set for 8 p.m.

Long Beach comes into the game with an 8-8 season record and is 2-0 in PCAA play.

Fresno State is 9-8 overall and 1-1 in PCAA play with a game against Fullerton State tonight to play. Last week the Bulldogs beat Pacific 77-71 and lost to San Jose State 76-69.

San Diego State upped its record to 10-6 and 1-0 in the PCAA last week with a 64-60 win over Fullerton State. Connolly paced the Aztecs with 18 points (16 in the second half) and 10 rebounds (eight in the second half). Kovach, playing his best game since a thigh injury against UCLA 11 games ago, had 17 points and 11 rebounds.

Diamond Greats in Feb. 6 Golf Tourney

Don Drysdale, who won 209 games during his major league career, along with Randy Jones and Bert Blyleven, each of whom figures to reach that mark will be among the more than 50 sports stars participating in the second annual Camel Filter/TV Guide Sports Invitational Golf Tournament February 6 at Whispering Palms.

Jones has 35 wins, including his 20-game season last year, while Blyleven has 95 victories hurling for the Minnesota Twins. He captured 15 last season.

Tug McGraw, the premier Philadelphia relief pitcher, Jim Fregosi and Jeff Burroughs of the Texas Rangers and Ted Sizemore of the Cards are entered in the on-day event.

Other Padres participating include Bobby Tolín, John Grubb, Fred Kendall, Brent Strom, Dan Friselli and Mike Ivie along with club president Buzzie Bavasi.

Former California Angels' manager Bobby Winkles, Steve Busby (Kansas City), Tom Murphy (Milwaukee), Gary Carter (Montreal) and Von Joshua (San Francisco) are entered.

Sid Gillman, Bob Babich, Mark Markovich, Carl Mauck and Jim Hill are among the many football players and coaches participating.

The public is invited to watch the tournament which begins at 9:30. Whispering Palms Country Club is located in Rancho Santa Fe.

S. Bay Speedway Lists Changes

Several changes are being made at South Bay Park Speedway, it was announced this week.

Don Basile, operator of the multi-purpose facility southeast of Brown Field, said work will soon be completed on a redesigned motocross course, a wider quarter-mile, and an improved banking on the half mile. Additionally, he said that a flat, one-tenth of a mile track will be installed for the introduction of speedway motorcycles.

The 1976 season open February 1 with a U.S. Racing Club midget auto race, he said.

"The motocross, which measures about one mile, will be much tougher for the riders. There will be 14 left and right hand turns to test them. And the big jump has been moved back to provide for the speedway bike oval."

Basile, entering his third year at the speedway, said the schedule calls for competition for sprint cars, midget autos, street stocks and motorcycles.

The half-mile oval will blend six-degree banking with a fine, long straightaway. At a measurement of 3,100 feet to the poles, South Bay has the largest half-mile in the Far West, he said.

The quarter-mile will be 20 feet longer with four-degree banking.

"We intend to begin with Sunday afternoon racing through March," said Basile. "Our first evening race is March 27 with the CRA sprints."

He said the track also will conduct a series of open competition street stocker events.

Season Opens At SB Speedway

February scheduling for the South Bay Speedway has been announced.

All dates are Sundays and all event start at 2.

February 1 — U.S. Racing Club midgets

8 — No racing due to air show

15, 22 and 29 — MARA open street stock competition.

Calif. Racing Assn's sprint cars on 1/2-mile oval begin racing on the first Sunday in March.

TAKE FIVE

By John E. Wirges

You can knock on wood, but it probably won't do much good. It hasn't happened yet, but how long can it be before someone dubs one the PGA stops as the Official Bicentennial Golf Tournament of the year?

If I was a bettin' man, I'd have to get something down that says the word "bicentennial" will be the most over used utterance since nice girls started to substitute "fantastic" for the naughty words boys use out behind the barn.

Yet, despite all the commercialism of our 200th birthday, it would be fitting, proper and kind of patriotic, for me, to have Dave Stockton win a tournament this year, and if you want to go the long way 'round for a reason, the Andy Williams-San Diego Open would do very nicely, thank you.

Most of the money that supports San Diego Junior Golf comes from the AWSDO, and while Stockton didn't play his junior golf here, what he does has an impact on those who do.

And like our freedom and our history, the story starts more than 200 years ago.

Dave Stockton was an all-American long before he ever picked up a club and assaulted par for the Trojans of USC. He comes from a long line of sturdy Stocktons that includes pioneers, adventurers, soldiers and statesmen.

The forefathers of the family arrived in the new world from England back in 1636, were among the founders of Princeton University and later were leaders of the American Revolution.

Not one, but two men of the family were signers of the Declaration of Independence. Richard Stockton, a lawyer, signed for New Jersey and his son-in-law, Dr. Benjamin Rush, signed for Pennsylvania.

The family came West in the 1840's to help settle California. Dave was born in San Bernardino and grew up in the greater Los Angeles area. He learned his golf through junior programs that constantly feed talented youngsters to collegiate teams.

Stockton followed his father to USC where he came under the amiable coaching talents of Stan Wood, one of the truly gentle giants of the game.

Dave did well in the classroom despite the difficulties of a business major and did even better off the tee, where he carved out all-American recognition and earned the right to follow his dad, Gail Stockton, into the USC team captaincy.

When Stockton graduated from USC and started his professional career, he got a helping hand for another Trojan, Al Geiberger, who preceded him on the tour. It's the mark of Wood trained men. They are skilled, polished, highly competitive and to the last one, a gentleman.

Geiberger won the PGA title in 1966, Stockton followed four years later, taking the 1970 PGA crown. And their collegiate coach beamed with pride as his continued his search for the combination of student-athlete to follow in their place. That's what brought Stan Wood to San Diego.

Four years ago Stan invited La Jolla High's Craig Stadler to continue his education, and his golf, at USC. Wood's judgment in Stadler was fulfilled when the youngster went out and won the U.S. Amateur title and paced the Trojans through four successful campaigns.

Back problems have delayed Stadler's progress in the professional ranks, but the soundness of his game brought Wood back each year to woo another San Diego Junior Golfer to Trojanland for growth, polish and education.

Scott Simpson, then his brother Dave (from Madison) journeyed to USC and made the varsity as freshmen, and this year La Jolla High's Joe Flood is up and out there swinging for Stan's tee-team.

And it doesn't end there. Wood is interested in the growth and development of a number of youngsters learning their way from tee to cup on San Diego's junior circuit. Despite the popularity of golf in all of California, it could come to pass anytime now that all four top Trojans battling for NCAA honors could come from San Diego's junior program.

It may be a long way around to get there, but wouldn't it be fitting and proper for an All-American like Dave Stockton to win the Andy Williams-San Diego Open this Bicentennial year?

Why, it's almost his patriotic duty. And it couldn't happen to a nicer guy.

Top Stars, All Sports In Airlines Classic

PALM SPRINGS — Three Rams, two Dodgers, two Angels and a Padre will be among the 64 elite athletes competing in the 10th annual \$30,000 American Airlines Golf Classic, announced tournament chairman Randy Malin.

Rams Merline Olsen, James Harris and Jack Youngblood; Dodgers Steve Garvey and Don Sutton; Angels Bobby Bonds and Andy Etchebarren, and the Padres' Randy Jones will be shooting for the \$10,000 first prize Saturday and Sunday at the Canyon Hotel Racquet and Golf Club.

Thirty-two teams, featuring one baseball and football player as partners, will be playing in this 54-hole best ball tournament.

Sutton-Harris and Garvey-Youngblood will represent Los Angeles in the city championship competition, while Olsen-Bonds will be the California entry. Jones and Bobby Douglas will represent San Diego.

Ten other Southland athletes will compete, including former Classic champ Jeff Burroughs (Rangers), former USC Trojans Steve Busby (Royals) and Bob Chandler

(Bills), Deacon Jones (ex-Ram), former Dodgers Jimmy Wynn (Braves), Ted Sizemore (Cardinals) and Tommy Davis (Orioles) and Graig Nettles (Yankees), Randy Jones (Padres) and Bob Trumpy (Bengals).

Namath and Bench
They will join Willie Mays, Joe Namath, Johnny Bench, Reggie Jackson, Brooks Robinson, Hall of Famers Joe DiMaggio, Yogi Berra and Otto Graham, Ron Santo, Ray Nitschke, Jim Palmer, Bobby Murcer, home-run king Mike Schmidt, Ken Anderson and Fred Biletnikoff.

Surgery Scheduling Down

Grossmont Hospital Physicians Join Slow Down; Board Approves

By John Kowalczyk
Grossmont Hospital physicians elected to join the state's work slowdown last week, and the got support from hospital administrators.

Physicians voted by an overwhelming majority at a January 21 meeting to avoid serving patients requiring elective surgery.

Hospital Administrator Ronald Dahlgren said that the im-

pact of the Grossmont Hospital slow down would probably not be felt for two weeks, although cases of elective (not life threatening) surgery are down by about 10 per cent this week.

Scheduling Down
"Scheduling, however, is down by nearly 60 per cent," he said. The doctors aren't scheduling as much new surgery, but they are honoring commitments made prior to the January 21 vote. Surgery at Grossmont is made generally three weeks in advance.

When quizzed about the duration of the slowdown, Dahlgren said, "I really don't know

what to expect."

A communication he received this week from a blue ribbon commission of hospital trustees acting as arbitrators in the malpractice dilemma said that in view of the present situation, it was "no longer practical" to expect an immediate solution.

Urge Legislation
At its Wednesday meeting following the decision of the doctors, the Grossmont Hospital Board of Directors unanimously endorsed a resolution urging Governor Brown and state legislators to expedite legislation which would end the malpractice crisis.

Exemption Recovery To County Coffers Tops \$16 Million

State Controller Kenneth Cory reported payment of \$16.8 million this month to San Diego County as reimbursement for 35 per cent of the property taxes lost because of the Homeowners Property Tax Exemption during the 1975-76 fiscal year.

Counties and cities have reported a tax year loss totaling \$758 million as a result of homeowners claiming a \$1,750 exemption in assessed value for local property tax purposes.

In December 15 per cent of the losses were reimbursed, another 35 percent will be paid April 30 and the remaining 15 per cent on May 31st.

EPIC Fully Operational But Needs Citizens' Aid

Lemon Grove's Effective Problem Intervention Center (EPIC) Inc. is now fully operational and can be called upon 7 days a week, 24 hours a day, according to Ray Heiserman, chairman of EPIC's board of directors.

He told members of the L.G. Chamber of Commerce board of directors that the organization's non-profit status had been approved by the Internal Revenue Service.

EPIC, at 3394 Buena Vista st. at Pacific, offers free service to anyone. Families, adolescents, juveniles, runaways—all can get aid there, Heiserman said. EPIC is staffed by carefully trained volunteers, he said.

It is designed as community agency to provide mental health service and early intervention in mental health related problems.

Emergency services are provided for food distribution, transportation and babysitting.

Information and referrals are available on legal, medical, psychiatric and other problems.

Counseling Given
Counseling is given on drugs, personal matters, social and school affairs.

Special interest groups provide help in the areas families, seniors, youth in many fields including employment.

The 7-day, 24-hour telephone is 464-EPIC.

Heiserman said EPIC is a strictly local operation. Some help comes from the Heartland Human Relations Assn. The organization raises much of its income through garage sales.

Its staff is volunteers. Ellie Fishman is the program coordinator. Al Roshon vice chairman of the board.

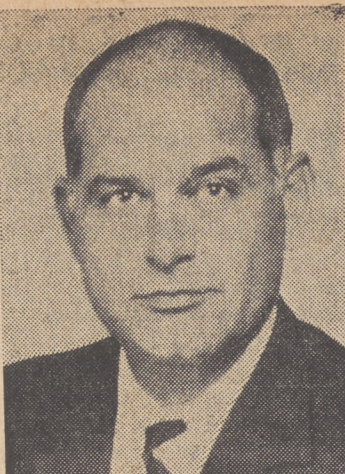

The facility has rap-rooms, counseling rooms and a food storage area.

Contributors Needed
Heiserman urges those who can contribute anything to contact him at the EPIC number.

At the CoC meeting it was noted that the EPIC group split from a similar organization it helped form with Fred Anderson at the head.

When Anderson ran for an elective office, the group now in EPIC splintered. It was said at the time that politics had no place in human concern operations. Anderson's Information and Referral Service is still in operation.

A complete list of the services offered by EPIC is available at the EPIC office.

CANDIDATE — William C. Faulwetter, a La Mesa attorney and president of the Governing Board of Grossmont College District seeks to succeed retiring Supervisor Dick Brown on the board of the Second Supervisorial District. He holds membership in the Military Order of the World Wars and various school board and professional organizations. He is active in the Naval Reserve where he holds the rank of Commander and he is a member of the California State Bar and the S.D. County Bar Assn.

LG School's Nostalgic Tea is Sun.

Lemon Grove school officials and former students will say farewell to the soon-to-be razed Lemon Grove School, Sunday from 2 to 4 p.m. An informal tour of the old elementary school, at one time the only public school in Lemon Grove, and a reception in the adjacent Lemon Grove Jr. High auditorium will reunite graduates of the school. School personnel will serve refreshments and display photos and memorabilia during the event. Classes were held from 1924 to 1953 in the school which has since been used for office and storage space. It was declared unsafe under the 1935 Field Act which sought to eliminate earthquake-prone public structures.

Dear Editor:

As one who appreciates fully the community services the Lemon Grove Review and Spring Valley Bulletin provide throughout the year, I want to express our special appreciation for the unique ways you have helped this VA Regional Office in serving the veterans of this community during 1975.

Your balanced reporting of the news on new veterans benefits, and the administration of existing ones, helps the maximum number of veterans to become aware of their rights as veterans. The Lemon Grove Review and Spring Valley Bulletin have also been instrumental in acquainting veterans with the most expeditious steps to follow to receive these benefits.

With your help, we hope to continue to merit the confidence and cooperation that is so necessary in providing effective services for your veteran readers.

Sincerely yours,

Illegal Aliens Costly Says U.S. Attorney

Terry J. Knoepf, United States Attorney for the Southern District of California which includes San Diego and Imperial Counties, told members of the Lemon Grove Rotary club Monday that of 286,000 illegal aliens caught entering the U.S. in 1975, only one of 20 was successfully prosecuted. He explained that the manpower situation in his office prevented a greater number of prosecution. He noted that narcotics traffic also took a high percentage of his staff.

He said that the closing of the San Onofre check point was a "devastating" blow to the control of the flow of both aliens and narcotics.

California taxpayers had to pay for \$578,000 in medical services for the aliens. An IRS study of the money flow across the International Border at San Diego showed that aliens took enough money across the border in a 90-day period to account for a tax responsibility of \$75,000.

Good Day

Of 8,800 aliens checked at the border, it was found that more than half the total earned more than \$4.50 an hour while in the U.S. illegally.

In an on-going study, it was found that a consistent 6.7 per cent of all people employed in light and medium industry and in service organizations were in the U.S. illegally.

The latest estimate shows that these aliens take \$250 million in wage back across the east-west border every month and that the welfare cost each month is more than \$50 million.

Knoepf was appointed to his post last year by President Ford. His appointment was later confirmed by the U.S. Senate.

Mills Gives Query Results

From the looks of morning and evening freeway crowds the percentage appears to be wrong, but State Senator James Mills' questionnaire to his constituents in June reported that only four times as many people travel to work by private auto as do those who travel by bus.

"How do you get to work?" was the first question.

Private auto — 73.5 per cent; Buses — 17.8.

There were seven questions to be answered by voters in Mills' 40th Senatorial District.

2. How many miles do you travel to work?
5 or less — 24 per cent; 5-10 — 38; More than 10 — 37.5.

3. Want fixed rail travel?
Yes — 50.5; No — 33.7; Doubtful — 12.1.

4. Consider bussing to work?
Yes — 42.6; No — 40; Doubtful — 14.

5. Are you for more mass transportation?
Yes — 67.4; No — 26.4; No opinion 6.5.

6. Should autos be made less attractive?
Yes — 32.8; No — 57.9; No opinion, 9.1.

7. How's the bus service here?
Good — 15.7 — Fair — 30.2; Poor — 42.7; No Opinion 11.2.

Questions 4 and 5 seem to be in conflict. The percentage is greater for those who want more transportation — presumably for the other guy — than the ones who say they ride to bus to work.

County Crime Rate Surges 19%

Crime in the unincorporated areas of San Diego continues to rise alarmingly, making it the third fastest crime growth area in the state, according to statistics provided by the California Bureau of Crime Statistics. Spring Valley and Lemon Grove crime rates reflect that growth.

Figures received by Sheriff John Duffy show an overall increase of 19.3 per cent in crime for January through September as compared with the same nine months of 1974. The statewide average increase of the 36 law enforcement agencies included in the report was 9.0 per cent and the City of San Diego's increase was 16.3 per cent.

"Our inability to hold the line against crime is not surprising when you consider that we only have 303 members of the Sheriff's department to deploy in law enforcement. That's only one deputy, including detectives, for each 1,250 citizens under our jurisdiction. San Diego police department, which in itself is undermanned, has one policeman for about 735 people.

"In addition, while San Diego would average about three policemen for each square mile, each of our law enforcement deputies would average

about 12 square miles," Sheriff Duffy said.

Covers Three Shifts

"Our statistics become even more alarming when you realize that less than one-third of these people are on duty during any 8-hour period because we have to provide 24-hour service. This translates into one patrol car for each 11,000 to 15,000 people, depending upon the time of day or night," he said.

The state report shows crimes against persons, such as homicide, rape, robbery and aggravated assault, increased 33.8 per cent in the unincorporated area, 13.9 per cent in San Diego, and 11.5 per cent statewide.

Crimes against property, such as burglary, petty theft, grand theft, and auto theft, increased 17.8 per cent in the unincorporated areas, 19.5 per cent in the city, and 10.7 per cent throughout the state.

Rape Up 59 Per Cent

The largest increase under the sheriff's jurisdiction was rape — up 59 per cent. The statewide average for this category was only 1.8 per cent and in San Diego it was up 20.4 per cent.

Robbery in the unincorporated area was up 47.4 per cent, up 21.6 per cent in San Diego

and up 17.9 per cent throughout the state.

Aggravated assaults were up 27.4 per cent in the sheriff's statistics, up 3.6 per cent in San Diego, and up 7.2 per cent in the state.

The two agencies which had higher increases than the S.D. Sheriff's Department's, 19.3, were the Orange County Sheriff's Department, up 26.4 per cent, and the Sonoma County Sheriff's Department, up 19.6 per cent.

The City of San Diego showed the eighth highest increase in the report. Only two agencies showed a decrease, the Santa Clara Sheriff's Department, down 3.5 per cent and the Ventura Sheriff's Department, down 2.1 per cent.

Book Due in Spring For John Sinor Buffs

John Sinor's admirers — and they are legion — will soon find him in the pages of his hard-cover book.

Sinor, award-winning columnist whose daily writings appear in more than 600 newspapers, signed with Joyce Press of San Diego to produce a book for spring publication.

The book will be an illustrated compendium of the writings that have earned Sinor the reputation of being one of the nation's top family humor columnists. His skill has resulted in numerous Copley Newspapers awards plus honors from the National

Headliners Club, the San Diego Press Club and the National Freedoms Foundation. Sinor also has branched out into writing screen plays, and recently he sold two of them. One, a children's story, is being filmed by Disney Studios.

'11 Albatrosses'

Joyce Press publication, edited by Steve Barone, will sell for \$8.95 has been titled "Eleven Albatrosses in My Bluebird Tree", a reference to Sinor's home life, which inspires most of his columns. He was married to Diane Faulk Sinor in 1970, bringing together a family of eleven children (six hers, five his).

Sinor's daily column appears in the San Diego Evening Tribune and is syndicated through the Copley News Service to papers throughout the United States and other nations. It's translated into several languages.

"Eleven Albatrosses in My Bluebird Tree" will be illustrated by distinguished artist Chuck Beebe, providing the first visual dimension to the characters Sinor has made household favorites.

Joyce Press of San Diego also is the publisher of "Aztec Uprising", a chronicle of San Diego State's football program which recently was selected "Book of the Week" by B. Dalton Bookseller in Fashion Valley.

DMV Seeks Driver's Course Accreditation

The State Department of Motor Vehicles has begun a program leading to the upgraded standards of schools for traffic violators and persons convicted of drunk driving.

Legislation passed last year requires the DMV to establish accreditation standards for such schools and to develop procedures for monitoring the success of the programs.

The goal of the DMV program is to improve the driving performance of persons convicted of traffic violations and who are required by court order to attend traffic safety education in schools.

A major objective also will be to reduce the possibility of repeated offenses by persons convicted of driving while under the influence of intoxicating liquor or drugs.

DMV will work with the Department of Education to develop the appropriate accreditation standards.

'For Sale' House Looted

Nina Dorthia Hansen put her home up for sale during the holidays and moved to San Diego.

Before it could be sold burglars got in and took most of the fixtures and the air conditioning unit. The house, at 9744 Ivanhoe, Spring Valley was emptied of most of the wrought iron fixtures, curtains, light switches and other removable items.

Handyman believes in do-it-yourself energy savings.

Handyman Stores are in the business of helping do-it-yourselfers do things right. So when energy costs started going up, Handyman decided to do something themselves about conserving.

Since lighting seven stores and a corporate office is their biggest energy expense, they started there. Reducing 3 or 4 tube fixtures to two tubes. Relamping with more efficient bulbs. Cutting sign lighting in half. Lowering outside lighting... and changing timers to turn it off when stores are closed. Reducing in-store perimeter lighting by 50%. Installing individual switches instead of central controls so custodians and personnel can turn off lights as they leave offices. Turning on outdoor building supply area lights later in the day. And allowing stock crews to light only their immediate work areas.

Of course, Handyman has also cut heat to 68° and raised air conditioning to 78°. They're cleaning vents and heating equipment every six months to keep it working efficiently. They're doing continual energy audits... and always looking for new ways to save.

How handy has Handyman been at saving? Their electrical consumption is down an average of 20% from November '74 to November '75. And their La Mesa store is down an amazing 43% from 1973!

If you're trying to build some energy savings around your business, take some tips from Handyman... and SDG&E. We've been helping San Diego businesses and industries cut down for the last five years. And some of our ideas may just come in handy.
